

October Meeting Notes

•C.P.S. Joel Morganstern and Sergeant Randy Collier spoke to the attendees re concerns about crime and prostitution. Sgt. Collier discussed that prostitution is an on-going problem and that, as of our October meeting, there had been 118 prostitution-related arrests. Prostitution is a 2nd degree misdemeanor punishable (for a 1st offense) by 60 days –which they don't have to serve if they attend special classes. These classes are also offered to “johns” or people who solicit prostitutes – of the 1200 johns who have gone through the class there were only 2 repeat offenders; of the prostitutes who went through the class – ALL have been repeat offenders.

•There were several burglaries (5), robberies (5) and 1 armed robbery reported in our area from August 1st through September 15th.

•Both Joel & Sgt. Collier urged that if anyone sees ANYTHING suspicious, or if you experience any incident at all, that you call the non-emergency # at 561.586.1611.

•Lake Worth is the 7th largest City in Palm Beach County.

•Our District 3 Commissioner, Nadine Burns spoke in detail about the Beach Project. She is in favor of proceeding with the plans as set forth by the Greater Bay Group. The Mayor is against it. It proposes tearing down the existing Casino building and building a ~49,000 square foot structure to the south of the existing pool – this new structure will sit on approximately the same sized footprint as the existing casino. The pool will be renovated and there will be an Outdoor café on the ocean just south of the pier. There will be on-going meetings about this project as it progresses. There will be NO cost to the residents of Lake Worth for this project.

•Nadine discussed the Bulk Trash issue. The reality about the Bulk Trash is that, if you put it out more than 24 hours before our Friday pickup you can be fined without notice. She also discussed the copy of the email that appeared in our October newsletter – she has asked the City Manager, Paul Boyer, to look into that email.

•We will soon be getting two 95 gallon trash cans – one is for household collection, the other for our Friday yard work. Anything that does not fit in the can on Fridays can be set out next to it.
